

MOBS CONTINUE TO BURN AND RAVAGE

In Frenzy, They Are Destroying Property of Wine Makers.

USE OF DYNAMITE FEARED

Marne Sky Aglow From Fires Eating Up Great Establishments.

Paris, April 12.—The storm raised by the vote in the Senate yesterday, reopening the delimitation question with reference to champagne districts, gives no signs of abating at present. On the contrary, there seems a probability of the disturbances spreading to the Bordeaux wine region.

The latest dispatches from the champagne district describe the situation as greatly aggravated to-night. Mobs continue to burn and ravage the property of unpopular merchants, whom they accuse of importing grapes from Aube or other departments, from which they manufacture wine designated as Marne champagne.

The champagne question formed the subject of debate in the Chamber of Deputies to-day, and after listening to a statement by Premier Monis, the chamber voted confidence in the government, practically unanimously, so that the Senate's resolution is not legally effective. The Premier maintained his decision to refer the matter to the modification of the delimitation law to the Chamber of Deputies.

France's highest administrative court, which he said might be trusted to pronounce on this grave question with entire impartiality and independence of judgment.

The Cabinet met late to-night and decided to place at the disposal of the prefect of Marne all the troops that he needs. He has at present eight regiments of cavalry and three of infantry, and orders have been sent to four more regiments of cavalry and one of infantry to proceed at once to Epervan.

Situation Is Grave.

Epervan, Department of Marne, France, April 12.—Startling developments occurred to-day in the rioting which immediately followed the action of the Senate on the champagne question. Throughout to-day and during the early hours of the evening the situation was extremely grave, but at midnight, owing to the presence of formidable forces of troops, conditions had become somewhat settled.

The frenzy of the rioters exceeds all bounds, and it is feared that they will use dynamite, a large quantity of which disappeared from the town last week. News comes from the quarters of Ay that a bomb was thrown at the cavalry, wounding three troopers and killing a horse.

Altogether five establishments in Epervan have been practically burned to the ground after having been pillaged. The safes in these establishments were forced and the furniture and fittings were piled in heaps in the streets and set on fire. The firemen were powerless, as they were driven off by the rioters.

All around Epervan the country is dotted with blazing cellars, and the whole sky is aglow. At Cusnes, Moet and Chandon's great wine presses are blazing as well as another big establishment at Pierry. At Ay more establishments were wrecked to-day. Cavalry charged repeatedly, but the mob showed stubborn resistance, hurling broken bottles and stones at the men and horses.

Troops continue to pour into this district. Already six battalions of infantry and four squadrons of cavalry have arrived, and a brigade of cavalry is on its way here from Paris. It is estimated that there will be 12,000 troops on duty by to-morrow morning. The prefect plans to occupy practically every town and village in the district with the military, believing that anything less than this will have no effect. The soldiers have orders to arrest pillagers and to use their arms in case of resistance.

Ay, April 12.—At midnight, fed by incendiaries, a conflagration threatened to engulf the whole village. The inhabitants have abandoned their houses, taking their most precious possessions with them.

A regiment of cavalry arrived to-night from Epervan and are stationed around the village. The rioters have fled in the direction of Montreuil, pursued by troops. In one of the collisions a house was severely wounded by a paving stone.
